

Interested in partnering with MISHRM?

MISHRM RESOURCE PARTNER PROGRAM

The resource partner program was designed to create unique opportunities for businesses to stand out and have quality time supporting the HR community. Partnering with MISHRM prominently showcases your brand to our broad audience of HR professionals across the state. Resource Partners (RP's) have the opportunity to be regularly recognized, and to stay top-of-mind with HR professionals, both at multiple MISHRM events throughout the year, and through our regular communications.

The MISH RM Resource Partner Program is designed to make sure you find value regardless of the time you have available to commit. You can also enjoy the benefits provided with little engagement; guilt free. Of course, you can get even more out of the program by fully engaging in all benefits provided. Our goal is to help keep your company top-of-mind to the HR community and provide access to decision makers that is not available without this program.

Platinum members exclusive by industry segment

The Michigan Council of the Society for Human Resource Management (MISH RM) is dedicated to providing service, leadership and development opportunities to human resource professionals in our state. MISH RM is the leading voice for the human resource profession in Michigan. MISHRM exists to provide opportunities for local SHRM chapters to network, share best practices, provide development opportunities to their members and act as a conduit to SHRM.
